The Society's Pinot Grigio 2019

There's an awful lot of pinot grigio about, so we're extra particular about ours. The warrant goes to Kiwi winemaker Matt Thomson, and a single vineyard in Valpantena, north-east of Verona in Italy, where cool breezes from the Dolomites ensure steady ripening. Clean-cut, rounded and fruity, with the trademark 'breadcrust' character of the grape, and a world away from some of its namesakes.

The Society's Pinot Grigio 2018

Clean, rounded and fruity, with aromatic 'breadcrust' character typical of the grape, this admirable, single-vineyard pinot grigio is made especially for The Wine Society by New Zealander Matt Thomson. The grapes come from a single vineyard in the Valpantena, a valley north-east of Verona. The cool breezes that flow down the valley from the Dolomites ensure the grapes ripen slowly and develop lifted varietal characters. Drink on its own, or with seafood, salads or light meats.

The Society's Cava Reserva Brut NV

The Society's Cava is made by Sumarroca, a small family estate in Penedès, who use the traditional cava grapes (parellada, macabeo and xarel-lo) plus a touch of chardonnay to add finesse. It is made using the Champagne method whereby the second fermentation, which adds the sparkle to the wine, takes place in the bottle. What makes Sumarroca stand out from other cava producers is that they age the wine on its lees for an extended period of 30 months. This is a fragrant, appley fizz with great brioche richness, a lovely delicate fruit flavour and mouthwatering finish. Voted Best Value Cava at the Wines from Spain Awards.

The Society's Prosecco

Light in style and all about the purity, this is a lovely aperitif to serve with nibbles to get everyone in the party mood. Prosecco, grown in the province of Treviso, has long been the aperitif of choice in Venice, and increasingly all over Italy, and now in the UK too. Unfortunately, many come from anonymous grapes grown on the plains and sweetened to hide their lack of character. The finest and best come from the hilly vineyards of Valdobbiadene, mostly from small family holdings. Our wine is just that. We buy it as simple 'Prosecco di Treviso', because 'Valdobbiadene DOCG' commands a premium price, but what counts is in the bottle.

Litre of The Society's Medium Dry Amontillado Blend

True Amontillados (meaning "in the style of Montilla", a town in southern Spain) are dry wines. The flor which grows on the Sherry dies or is killed by fortification, and the Amontillado is left to mature in the presence of oxygen. This develops a rich, nutty flavour. Made by Sánchez Romate, The Society's Amontillado is medium-dry with plenty of flavour. Serve at room temperature in good-sized glasses to fully appreciate the bouquet. Please note there has been a change to labelling laws by the Spanish Consejo whereby any sherry that has more than 9g of sugar has to be labelled "medium dry" and so the label on the new shipment of The Society's Amontillado has been amended accordingly. The wine is exactly as advertised.

Wine Notes

The Society's Full Rich Madeira, 3 years old

The Society's Full Rich Madeira is made from tinta negra mole grapes from vineyards grown at about 200m on the north of the island of Madeira near São Vicente. It undergoes fermentation on the skins with natural yeast at between 24° to 26°C in autovinification tanks. After approximately 48 hours, fortification with grape brandy takes place, arresting fermentation at the desired degree of sweetness. The wine is then transferred to estufa tanks where it undergoes a cyclic heating and cooling process between 35° to 40°C over a period of three months. After estufagem the wine is aged for three years and then undergoes filtration and fining before the blend is assembled and bottled. This makes a fine accompaniment to dessert dishes, especially fruit, cakes, chocolate puddings and soft cheeses. It will not improve further with keeping but will remain in good drinking condition for several months after opening. It does not require decanting.

This year the blend of this ever-popular claret, made for us at Society favourites Château Beaumont is 50% cabernet sauvignon, 47% merlot and 3% petit verdot, combining to produce a deep, cassis-laden claret with impressive structure and sweet cedar spice. The Society's Champagne Brut Non Vintage

This comes from Alfred Gratien and is just as Champagne should be. The blend is made up of all three Champagne grape varieties (chardonnay, pinot noir and pinot meunier) from excellent sources. Fermentation takes place in barrel rather than stainless steel, which gives the wine more depth. The malolactic fermentation is suppressed so the wine retains a high level of acidity and, therefore, an ability to age very well. The style of Gratien, dry, full-flavoured, very long and well rounded, is quite distinctive. Enjoy on its own or with food.

Alfred Gratien is a small Champagne house in Epernay, with extremely high standards, that has supplied The Society with excellent Champagne since 1910. An excellent dessert wine.

Jeroboam of The Society's Champagne Brut NV

This comes from Alfred Gratien and is just as Champagne should be. The blend is made up of all three Champagne grape varieties (pinot noir, pinot meunier and chardonnay) from excellent sources. Fermentation takes place in barrel rather than stainless steel, which gives the wine more depth. The malo-lactic fermentation is suppressed so the wine retains a high level of acidity and, therefore, an ability to age very well. The style of Gratien; dry, full flavoured, very long and well rounded, is quite distinctive. Enjoy on its own or with food. Equivalent to four bottles.
